

9th Annual Native Plants & Pollinators Workshop & Plant Sale

Hosted by the Emmet Conservation District

Date: Saturday, August 5th 2017

Location: Bear Creek Township Hall, 373 North Division Rd, Petoskey, MI

Native Plant Workshop: 11am-1pm (Pre-register by Mon. July. 31st)

Workshop Cost: \$10/person

Native Plant Sale: 11am-3pm (Pre-order By July 31)

**Extra plants will be available for purchase between 1-3pm, but pre-orders are recommended. You may purchase plants without attending the workshop.*

Incorporate native plants into your landscaping and learn important tips on gardening with native plants with the Vern Stephens, owner of Designs By Nature. DBN specializes in growing hardy, native, species grown from wild-collected seed, which provide important food and habitat for our birds, bees, and butterflies. These Michigan-native perennial plants are perfect for our Northern Michigan climate and will come back year after year to create beautiful, functional gardens.

2017 Plant List – Sale and Registration Form

EMMET CONSERVATION DISTRICT:
 3434 Harbor-Petoskey Rd. Suite E Harbor Springs,
 MI 49740 231-439-8977

Responsibility for survival of plant materials lies with the buyer. District liability ends when plants are picked up by the buyer, or after the specified distribution date. There will be no reimbursement for plants that do not survive. Complaints of plant non-survival will be investigated (if possible) by the Emmet Conservation District to try and determine the cause.

Donations are tax deductible and much appreciated! All proceeds from the plant sales support the work of the Emmet Conservation District. Thank you for your business and charitable support!
